*This side Manasa. I am currently pursuing my B. Tech specialized in Computer Science Engineering in Bhoj Reddy Engineering College for Women, located in Saidabad. I come from a nuclear family. As a part and parcel of my curriculum, I have been doing courses like Machine Learning, Python, and C for Everyone from the top Universities of America through Coursera where I have accomplished them with great scores. To add upon, I have recently completed my salesforce developer virtual internship program where I have learnt many new things, where we can build some apps, work on it for impactful stuff. In addition to that, I have also done an internship in finance management at COIGN Pvt. Ltd.*

*I always wanted to work in an environment where my skills and knowledge reflect the growth of the company and enhance my knowledge as well as experience. Being a fresher, I have been consistently improving myself in learning new things. I do have a habit of learning something new, backed by training and guidance that I can fulfill by this opportunity. I am very passionate about my work.*
